

Design Information on the Net

Underground Service Alert of Southern California announces that engineers can now get their engineering contact information 24 hours a day. For just \$100 for a six (6) month period, you can get the information from USA/SC's database to assist you in contacting our members in your proposed area of excavation. Fill out the form below and send it with your check. Once received we will send you the instructions and your password for access to the database.

- No more \$25.00 per lookup charge.
- No more 1 mile maximum.
- Get the information when it's convenient for you.
- Get information as often as you wish during your eligibility period.
